# WIRELESS WITHOUT LIMITS

**WAPALOZA 2025**

## CONFERENCE AND EXPO MANUAL

**VENUE:**

Misty Hills Hotel & Conference Centre,  
Muldersdrift, Gauteng

**DATE:**

23 - 25 June 2025

# CONFERENCE DEMOGRAPHICS

WAPALOZA 2025

## Delegates

WAPALOZA 2022 welcomed over **350 delegates** from across Africa, representing a diverse range of industry professionals, service providers, and technology leaders.

**We anticipate even greater participation in 2025 as we continue to drive innovation in the wireless sector.**

## Exhibitors

Over **30 leading companies** will showcase cutting-edge wireless technologies, solutions, and services, offering attendees valuable networking and business opportunities.

## Speakers

WAPALOZA 2025 will feature **three days of insightful content**, delivered by experts from around the world.

Key contributors include representatives from **ICASA and the Department of Communications and Digital Technologies**, alongside renowned industry leaders who will share their insights on the future of wireless connectivity.

# FEATURED KEYNOTE SPEAKERS

WAPALOZA 2025

**Eduard du Plessis**

**CEO and Founder at Fixed Mobile Telecoms**

He is a seasoned telecommunications specialist with a passion for product development, operations, and marketing that spans more than two decades. Since entering the industry in 1997, he has held key leadership roles and helped shape innovative solutions in the mobile data and wireless networking sectors.

He served as Managing Director of InfoSat from 1997 to 2002, before founding Ensync Business Solutions in 2003. He later took on the role of CEO at EOH Network Solutions, where he led the company's telecommunications division. In 2017, he founded Fixed Mobile Telecoms, where he currently serves as CEO.

Over the years, he has spearheaded three successful start-ups—Ensync, AfricaINX, and Fixed Mobile Telecoms—establishing a strong track record in the evolving connectivity landscape.

**David Porter**

**Director of Distribution Sales,  
EMEA – Ekahau**

He leads Ekahau's distribution strategy across Europe, the Middle East, and Africa as the Director of Distribution Sales, EMEA. With over 15+ years of experience in wireless technologies and channel development, he plays a pivotal role in driving Ekahau's growth through strategic partnerships and a robust distribution ecosystem.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Dean Bubley**

**Director of Disruptive Analysis**

As the Founder and Director of Disruptive Analysis, he has been disrupting the telecoms industry for over 20 years with his analysis, strategy, and vision.

He is a prominent, influential, and outspoken technology industry analyst, futurist, and consultant, specialising in telecoms, wireless, and policy domains.

**Martha Suarez**

**President: Dynamic Spectrum Alliance**

She is the president of a global organization advocating for laws and regulations that will lead to more efficient and effective spectrum utilization. She is extremely passionate about the idea of contributing to connect the unconnected.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Lesley Colmer**

**WAPA CEO**

Making Wireless Access a priority.

Experienced Group Financial Director with a demonstrated history of working in the management consulting industry. Strong finance professional skilled in Negotiation, Project Governance, Enterprise Risk Management, Business Planning, and Internal Audit.

**Dominic Cull**

**Owner at Ellipsis Regulatory Solutions**

He holds a master's degree in electronic law, which serves as the foundation for his extensive experience in all aspects of telecommunications, law, and regulation. He serves as the regulatory advisor to the Internet Service Providers' Association (ISPA) and the Wireless Access Providers' Association (WAPA), and acts as both an independent adjudicator for and advisor to the Wireless Application Service Providers' Association (WASPA).

Specialties: Electronic communications law and regulation, licensing, alternative dispute resolution.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Dr Charley Lewis**

**Councillor elect, Independent  
Communications Authority of  
South Africa (ICASA)**

Formerly an independent ICT sector analyst, researcher and trainer, Dr Lewis served as a Councillor for the regulator, ICASA, from 2021 to 2024.

He is also an honorary Adjunct Professor at the University of the Western Cape.

**Peter Zimri**

**Zimri Consulting – South Africa**

- Former Council Member (Executive) ICASA
- Chairperson – Spectrum Resources Committee
- Chairperson – IMT Spectrum Licencing Committee (Spectrum Auction Team)
- Executive Committee (EXCO) - Communications Regulators' Association of Southern Africa (CRASA)
- Vice-Chairman and Steering Committee of the ITU WRC-19, RA-19 & CPM23
- International Telecommunications

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Paul Colmer**

**WAPA Exco Member**

Inventor of 9G technology at Paul Colmer & Associates

With a passion for all things ICT and telecommunications, he currently consults and offers training for ISP's WISP's and Telco's on network design, connectivity and creating working business cases. He brings innovative thinking to emerging technologies and their market deployment in the Fourth Industrial Revolution (4IR). Author and seasoned conference presenter for WAPA (Wireless Access Providers Association) where he sits on the executive committee.

**Jens Langenhorst**

**Specialist RF and WAPA Vice Chair**

Experienced Satellite, Microwave and RF specialist.

Consulting and contracting for design, project implementation and measurement specializing in RF across Satellite and Microwave systems.

Managed multiple large and complex Satellite network migrations across Africa and South America. Developed various monitoring solutions for VSAT networks and a remote access solution deployed in the Galapagos islands.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

Christopher Geerdts

BMIT

Exec MBA (Distinction). MSc (Eng)

BMIT has helped the ICT industry in SA for over 20 years, making quality, data-supported investment decisions, be they for infrastructure, new products or acquisitions, or running stakeholder satisfaction surveys.

Chris is a seasoned executive, combining years of consulting experience with hands-on management of telco businesses.

Jabulani Vilakazi

SOWUG

Internet Activist, Entrepreneur.

Passionate about developing technologies and Information access to marginalized areas. He is the founder of Soweto Wireless User Group (SOWUG) a non-profit organization that provides free Wi-Fi in Soweto. He is one of the founding members for the Internet Society Gauteng Chapter, an NGO focused on Internet policy and Internet governance in South Africa.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Kallie Carlsen**

**Managing Director - Paratus  
Telecommunications**

He has more than 20 years of experience in the industry and, as Managing Director, has been instrumental in driving the strategic growth and success of the company.

Paratus South Africa is a leading specialist connectivity provider, delivering enterprise-grade solutions from Cape Town to Johannesburg, and extending across Africa and beyond.

**Albie Bester**

**Marketing Development Manager,  
Intelsat**

He is passionate about the transformative power of technology to elevate business performance, unlock creativity, and drive sustainable economic growth. For him, technology isn't just about tools and platforms—it's a catalyst for real, meaningful change. With deep experience across the African tech landscape, he has led and shaped Cloud, IoT, and community connectivity strategies that deliver scalable impact. He has built and led Cloud business units at Microsoft South Africa, PwC Exordia, and Pamoja/SEACOM, and also founded a Cloud start-up operating across South and East Africa.

He is always keen to connect with others who share a vision of using technology to solve real-world problems, scale businesses, and shape the future.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Dr Dawie de Wet**

**Group Chairman & CEO for Q-KON**

Dr. Dawie de Wet (PhD Eng) is the Chief Executive Officer of Q-KON Africa and Chairman of the Group. He has more than 24 years of experience in the design, development and implementation of Wireless, Microwave and Satellite communication systems in Africa.

In 1988 he joined the Q-KON board and was appointed Managing Director in 1993.

In 2013, Dawie completed his Ph.D. in Engineering. His thesis titled: A scalable business model for mass customization of broadband services in the emerging Africa market summarised the result of seven years of research work focused on the value proposition of the domain where technology, business and market domains intersect. The research work provides both Dawie and Q-KON with a sound reference and foundation to meet current and future market demands in challenging landscapes.

**Luzango Mfupe, SMIEEE**

**Chief Researcher: CSIR, South Africa,  
Adjunct Professor: NM-AIST,  
Vice Chair: IEEE DySPAN 1900.6**

He is an experienced Chief Research Scientist, innovator, and entrepreneur with demonstrated technical leadership in large-scale and cutting-edge technology projects. He is skilled in dynamic spectrum management (DSM), television white spaces (TVWS), defence and civilian spectrum sharing models, formulation of spectrum regulations and policies, development of geo-location spectrum databases, advanced wireless network design and modelling, satellite communications, airborne wireless networks (AWNs), artificial intelligence/machine learning for future wireless communications such as 5G, computer simulations, lecturing, supervision, and SMME support.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

Albert Lysko

**PhD, Principal Researcher: CSIR, Adjunct Professor: UCT, Chair: IEEE R8 (Europe, Middle East & Africa) Ad Hoc Committee on Educational Infrastructure, FSAIEEE, SMIEEE**

He is an award-winning engineer, researcher and innovator who works in the wireless communications and networking space. He holds a PhD from the Norwegian University of Science and Technology.

He has worked in both industry and academia in Europe and Africa. The project work ranged from the mining industry, multinationals and a regulator, to advanced applied research. While at the CSIR, his leading experimental research in TVWS enabled the provision of the Internet to over 20 000 users in two African countries and the setting up of the South African national TVWS Regulation. His work also contributed to TVWS regulations in Ghana and the United States of America.

He has authored three patents, a book, two book chapters, over 150 research papers and popular science and news articles, and led the development of numerous technology demonstrators.

His professional achievements have been recognised through multiple awards, including four Best Paper awards, and national and CSIR awards; invitations to deliver keynote addresses, plenary, and invited talks; and in serving in the General Chair and Technical Chair roles in several international Institute of Electrical and Electronic Engineers (IEEE) conferences.

He is a Fellow of the South African Institute of Electrical Engineers (SAIEE) and a Senior member of the IEEE. He holds several international awards for his leadership in volunteering efforts in the IEEE.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

## Songezo Mhambi

Founder & CEO at Mdaswifi, Founder at Vice-Tech, Tech Entrepreneur, Digital Evangelist

He is an experienced Business and Operations Executive, Leader, and Entrepreneur with a strong track record in the ICT and Engineering industries. He brings extensive expertise in Facility Management (FM), Information and Communications Technology (ICT), Project Management, and Strategic Management. Known for his robust operational and financial planning skills, he is focused on driving continuous process improvements, operational efficiency, and the development of new markets and business opportunities.

With over 15 years of hands-on experience in the technical facilities sector, he has progressed from fieldwork to top management, gaining deep insight into all levels of the industry.

Until recently, he served as the second-in-command to the Managing Director of a rapidly growing mechanical engineering firm in South Africa, with an annual turnover of R30 million. Leading a team of more than 70 personnel, he was responsible for meeting sales targets and spearheaded several key initiatives to streamline accounting, project management, and business development processes. His role encompassed comprehensive oversight of the company's operations—including technical services, business development, and human resources.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Thabisa Faye**

**Councillor at ICASA**

She is a seasoned Advisor, with great expertise in legislation, policies and regulatory frameworks in the ICT sector. She has worked in, and analysed over 30 African markets; giving her a good working knowledge of the successes and opportunities abound on the continent.

Currently the Managing Director for Pygma Consulting, a firm renowned for its excellent ICT and Strategic Advisory, she heads a team dedicated to unlocking Africa's potential.

**Dr. Jabhera Matogoro**

**Lecturer - The University of Dodoma**

He works as a Lecturer at the University of Dodoma and is a well-versed Artificial Intelligence expert with a track record that attracted funding from SIDA/IDRC for the Artificial Intelligence for Development Africa's Anglophone Research, amounting to CAD \$1,000,000 at the University of Dodoma. He was also the Mozilla Fellow on Open Internet Engineering for the year 2019-2020. He is the recipient of a six-month Centre for Science & Technology of Non-Aligned and Other Developing Countries Fellowship at the Indian Institute of Technology Bombay (IIT Bombay), fully sponsored by the Government of India from May 2015 to January 2016. He has attended numerous technical trainings in various countries across the globe, including Denmark, India, Ireland, Mozambique, Djibouti, Zambia, USA, Rwanda, and the UK, to mention a few.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

**Paul Rowney**

**Digital Transformation Strategist**

As an ardent proponent of digital inclusion, he is deeply committed to leveraging technology and innovation as powerful tools to bridge the digital divide. With a wealth of experience collaborating with governments, NGOs, and IGOs, he has been actively involved in promoting connectivity for development and creating inclusive digital solutions.

One of his notable roles was serving as the founding chairperson for the Payment Association of Namibia e-Money forum, where he spearheaded efforts to drive interoperability and open banking initiatives. Additionally, he takes great pride in being a founding director of the ICT Professionals Association of Namibia, an organization dedicated to advancing the ICT sector in the country.

In the past, he had the privilege of serving as an advisory council member to the Alliance for Affordable Internet ([www.a4ai.org](http://www.a4ai.org)), contributing to their mission of making the internet more accessible and affordable worldwide. Currently, he serves on the Advisory Council for the Africa ICT Alliance ([www.aficata.org](http://www.aficata.org)), for which he also served as the deputy chairperson, where he actively contributes to shaping the ICT landscape in Africa.

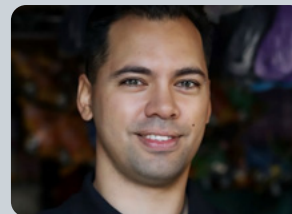

Furthermore, his involvement extends to being a former board member of the ISOC Namibia chapter, where he contributed to fostering a safe and open internet environment. Additionally, he has had the privilege of serving as a member of the United Nations Internet Governance Forum's Multi-stakeholder Advisory Group (MAG), offering insights and perspectives on important digital governance matters.

Through his engagements, he has gained a comprehensive global perspective on the challenges we face in ensuring equitable opportunities for all in the rapidly evolving digital age. He remains dedicated to driving positive change and fostering digital inclusion at every opportunity.

# FEATURED INTERNATIONAL AND NATIONAL SPEAKERS

WAPALOZA 2025

Tauriq Brown

CEO at TooMuchWifi

His journey from the Cape Flats to leading global companies showcases his strategic leadership, entrepreneurial spirit, and resilience. A former professional and South African footballer, he brings the same determination from the pitch to the boardroom. He played key roles in high-profile acquisitions, such as Lazada's purchase by Alibaba, where he served as VP of Operations, and held senior executive positions with multinational firms including Delivery Hero (DAX listed), Reebonz (NASDAQ listed), and Mountain Partners AG. Beyond his corporate achievements, he built, sold, and successfully exited three companies. His experience scaling businesses across diverse markets—South Africa, Nigeria, Europe, and Asia—has given him the opportunity to share valuable insights and lessons at international events and conferences.

# GENERAL INFORMATION

WAPALOZA 2025

## STAND CONSTRUCTION

### Fixing display material

- Display material may be fixed to the exhibition stand by means of double-sided tape or sticky-backed Velcro only.
- No nails, screws or permanent adhesives allowed.

### Custom stands

- Prior approval has to be obtained from the event organizer for approval by venue for health and safety reasons one month before the event if you wish to have a 'designer' or custom-built stand constructed.

## VENUE INFORMATION

- Parking available in the grounds of Misty Hills Convention Centre.
- Neither the Organisers nor the venue will accept deliveries on behalf of exhibitors.
- All necessary precautions must be taken to avoid any damage to the physical structure of the venue during construction.

## HEALTH AND SAFETY

- Exhibitors are strongly urged to ensure that they have adequate insurance cover for all exhibits, equipment, and display material.
- No highly combustible material may be used in construction of a stand or within the exhibition display.
- No solid ceilings may be used without prior permission.
- No dangerous chemicals or gas cylinders are permitted.
- Enter at own risk.
